

WHAT TO DO WHEN YOU HAVE MISSED ONE OF MRS. WESCOTT'S CLASSES

Go to JaxBlue52.com, select the button labeled “Mrs. Wescott – H5”, click on your textbook icon, and view the lesson plan for the missing day(s). If the lesson plan indicates a lesson was presented, you have two choices:

- (1)** Find the lesson in your textbook, copy the examples for that lesson, and then complete the homework assignment.
- (2)** Find the lesson on the YouTube video list on the website (Geometry students should view the lesson from the Big Ideas website), view the video, copy the examples presented on the video, and then complete the homework assignment.
